STAIRLIFTS

**Bariatric care is the clinical treatment of obese and overweight people, as a consequence it's becoming more prevalent in the provision of domestic homecare for elderly and disabled people.**

Stairlifts are one of the best and most cost effective assistive technologies available to help elderly and disabled people retain more independence and comfort at home.

# The **NEW** PLATINUM CURVE HD

- 160 KG (25st) max weight capacity
- Wider seat with adjustable arm width in 25mm increments
- Stronger swivel boss
- Hardened acetyl rollers
- Additional legs placed on the rail for additional stability and strength.

Now, thanks to the new Platinum Curve HD, larger than average people, with complex staircases, now have the choice and ability to install a quality built, cost effective curved style staircase to help aid safe mobility and retain more independence at home.

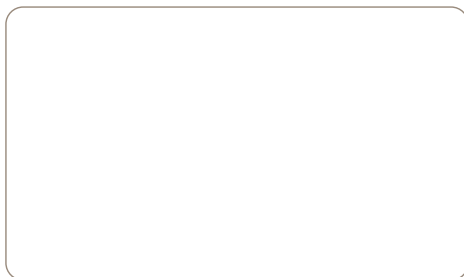

## COMFORT AND PEACE OF MIND

Your comfort and safety is important to us. That is why the Platinum Curve HD has easy to use controls, is fitted with an extra wide seat and, thanks our special rail bending process, provides you a very smooth and comfortable ride quality.

Platinum Stairlifts is an active member of the British Healthcare Trades Association (BHTA), an organisation to which membership requires a strict adherence to codes of practice and a commitment to high levels of quality and customer service.

Platinum Stairlifts is a specialist UK manufacturer of curved style stairlifts, based in Keighley, West Yorkshire. Supplying its high class products through an international network of authorised retailers, the company is renowned for producing high quality, reliable products including its award winning Approved Used Stairlift Scheme.

Contact your nearest retailer and find out how a Platinum Stairlift could improve your lifestyle:
