

HANDI-MOVE

# THIGH SUPPORTS

The key to making the body support self-adjust for you

- Handi-Move offers a variety of thigh supports to make it possible for many different people to enjoy the benefits of the SureHands® body support.
- They make it possible to distribute the pressure and the body weight uniformly. They also ensure that the body is in balance during lifting and that the back stays nice and straight.
- Thigh supports fit securely under the thigh and are made of a maintenance friendly rust-resistant material.
