

**NEW to THE UK and available
NOW from the leading
Independent Stairlift
Specialist Dolphin Mobility**

A Curved Stairlift certified to carry 150kg or 23½ Stone

For many years it has been hard to find a good quality curved stairlift really capable of carrying people heavier than 19 stone (120kg). Some have stretched a little higher with limited success.

Dolphin are delighted to have added this new product to our range. Built with quality German engineering, this stairlift is certified to **150kg**.

What's more it can be built in any colour you choose, and uniquely can be installed in **outside applications**.

Suitable for spiral stairs and angles up to 75°

For more information or a no obligation quotation call **0800 9800 126**
